WHO WROTE THE BIBLE?

God wrote the Bible. He used some 40 individuals over approximately 1600 years, scattered on three continents, writing in Hebrew, Greek or Aramaic, living in different time periods, cultures, political and economic systems. Because they were filled with the Holy Spirit of God they produced the biblical literature we call The Holy Bible.

From the opening of Genesis through Revelation, the main thread is God dealing with His creation. Man is the main focus. Any interested person can follow the course of biblical history and check it out against secular history.

Evidence also comes from within the Bible. Paul and Peter say God wrote the Bible. How did He accomplish that?

Paul tells young Timothy (II Timothy 3:16-17, NIV), “All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work.” I like that. God has set a standard for me to follow – if I choose Him.

The term “God-breathed” emphasizes that God was actively involved in writing Scripture. Men wrote from their own particular situation but God put His words in their hearts and minds. The result is the infallible authority of God’s word.

Peter adds, (II Peter, 1:20-21, NIV) “Above all, you must understand that no prophecy of Scripture came about by the prophet’s own interpretation. For prophecy never had its origin in the will of man, but men spoke from God as they were carried along by the Holy Spirit.”

A Biblical scholar observed that In the production of Scripture both God and man were active participants. *God was the source of the content of Scripture*, so that what is said came from God. The human author was more than a recorder. God sent him as His spokesman. While actively speaking, he was carried along by the Holy Spirit.”

Who wrote the Bible? If we accept Paul and Peter as speaking truth, then God wrote the Bible. *That is the key.*

Every belief system turns on faith in some event or thing or person.

None of us have an eye-witness account of the beginning of creation. All of us choose from the many religious options offered.

Evolution says billions of years ago something happened by itself. Life began. By trial and error, without a Creator, something kept happening until man, in his unique body appeared.

The Big Bang Theory – not the tv program – begins with the system already in place. Over millions or billions of years, out in space a dust cloud formed and kept growing. The center of the dust cloud got so hot it exploded, resulting in a *mathematically precise universe*. So precise that man fired a powerful rocket and intersected the moon in its orbit and later returned safely to earth!

Mormons and Jehovah's Witnesses use the Bible as a starter then replace its message with their own man-made program.

Some eastern religions offer reincarnation and other forms of saving self without recognizing the Bible or it's God. Each group has a road map to their eternal destination.

An interesting observation: Today in America, Christianity and Judaism seems to be the only religious systems being persecuted.

Why persecute Christians and Jews? Maybe because their God claims to be *The Sovereign Deity who* created everything, (John 1:1-5, Genesis 1&2). He alone offers salvation from sin. His Bible is our road map, recording an account of man from creation to final celebration with Himself. Many prophecies about His birth, life, death and resurrection were made 700 years before being fulfilled in minute detail. No other professing deity came close.

Credibility? The Bible message has *never been wrong*. Never! Study the integrated systems of the human body, eye, ear, nose, mouth, heart. Think! An infinitely intelligent mind created it. Not blind chance. The boot strap theory is foolishness.

Examine the fixed orbits of the moon and earth around the sun. Notice, just the right tilt for seasons, for temperature, for continual plant and animal life. God created. It was perfect, until man sinned.

When we choose to accept His offer of salvation, He requires that we yield to Him as Lord and Savior, giving Him first place in our daily lives (Matthew 22:36-40).

The Bible is God's personal letter to you. Read of His great love, His redeeming blood on Calvary and of His blessed hope for eternity with Him, promised to all who love His appearing.

Amen. Come Lord Jesus
